

## **BUBBLE SOCCER RULES**

The official bubble soccer rules are quite simple and are intended to play and keep players and equipment safe. Bubble soccer is a novice game for anyone getting inside a bubble-ball. Rules are kept simple to allow people to experience running and bumping in bubble-balls but are not designed for bubble soccer to be a serious, competitive sport. Bubble soccer is a beginners game that allows for a wide range of people with varying athletic skills to play.
